In the event your battery fails, your warranty will provide you with a replacement. Replacement must originate with requested battery service through AAA and not by a third party (this violates the battery warranty). If battery service is unavailable, AAA will instruct you to seek a replacement on your own. Reimbursement consideration will be given for these instances and the regulations below must be followed.

- 1.** *The original invoice from the original purchase*
- 2.** *A copy of the test results from the defective battery*
- 3.** *A photocopy of the replacement battery invoice*
- 4.** *Reimbursement requests must be received within 60 days of the date of requested service*
